- **Languages**:   C, Python, Java, Data Structures and Algorithms, SQL
- **Web Skills**:   HTML, CSS, Javascript,Servlets
- **Soft Skills**:   Team Management,Leadership,Communication,Time Management,Problem Solving

EXPERIENCE

- **Oasis Infobyte**   Web Development Intern
  April 2023- June 2023

PROJECTS

- **Club Management System**:   As there are many clubs present in the college students might get confusion which club is about which area.

  As a team of five members we developed and deployed the Club Management System which gives students to participate and join in club events based on their area of interest.

  Tech Stack: HTML,CSS,Servlets,JSP,SQL

- **Book Recommendtion System** : In the vast sea of available books, it is difficult to users what kind of book they have read based on their area of interest and preferences.So we developed a Book recommendation System based upon the user preferenes.

  Tech Stack: Python, Machine Learning

- **Sensor Network**: In this project, a wireless sensor network in the Amazon rainforest gathers environmental information.

  In order for the researchers experiments to be as accurate as possible, they want to choose largest subset of sensors of atmost distance 'd' between them.

  Tech Stack: Python

ACHIEVEMENTS AND CERTIFICATIONS

- Secured first position in Appathon by developing MedMinder app conducted by college.
- Secured Third prize in Technical Paper Presentation conducted by college.
- Positioned in Top 10 in Ideathon conducted by college.
- Completed Oracle DataBase Foundations Course.
- Participated in Ideathon conducted by IIC,YUKTI of college.
